Indesmed carbon crutch

- S - 816043.S
- M - 816043.M
- L - 816043.L
- XL - 816043.XL

- **The lightest crutch on the market, weighing only 320 g!**
- **With a folding armrest so the crutch can be carried in a static position**
- **Ultra-comfortable handle made of soft, hypoallerge**

The Indesmed crutch is a high-tech innovation. Its lightweight carbon structure makes the user forget that they are carrying it. The handle and armrest can be adjusted to the millimeter. The ultra-comfortable handle is made of soft, hypoallergenic silicone.
Handle color : black.
