

Nest rise and recline armchair

- Fabric - 821159.TISSU
(On restock - Available from 14/01/2026)

- Leather - 821159.CUIR
(On restock - Available from 18/02/2026)

- 3-motor chair
- Elegant design and space-saving
- 330° swivel structure
- Headrest adjustable forwards/backwards

This rise and recline armchair fits perfectly into any interior with its attractive design and high quality features. It is equipped with 3 motors for independent adjustment of backrest and footrests, and a motor for comfortable zero gravity positioning.

The chair can swivel 330° in the seated or reclined position, but locks when it starts to rise. Lift function with progressive leg rest extension, recline function with different angles. Manual headrest adjustment. Wired remote control with side storage pocket.

Its enveloping shape guarantees excellent back support and exceptional comfort.

Elegant 4-star base in matt black.

Battery option: the chair comes with a mains plug. It is compatible with the battery option available separately. This battery allows it to be used independently by simply placing it at the rear of the chair.

2 upholstery options :

- High-quality, abrasion-resistant light grey mottled fabric.
- Macchiato-coloured leather + TPU (leather is used on all contact surfaces: backrest, seat and armrests).

Overall dimensions : width 76 x depth 82 x height 117 cm.

Seat dimensions : width 47 x depth 50 x height 49cm

Seat and armrest foam density : 55
