

Compact thermometer

- 861069

- **2 in 1: temporal and auricular**
- **Very small size, ideal for travelling**

Our ultra-compact thermometer has an excellent grip due to its bean shape, non-slip rim and reduced size. Its tip has a useful cover for taking temperatures in the temporal area, which can be removed for use in the ear. Displays temperature in less than 2 seconds for ear use and 3 seconds for temporal use.

Waterproof to IP22.
Operates with 2 AAA batteries (included).

Dimensions: 95 x 50 x 25 mm.
Weight 55 grams.
