

Mucosite vacuum

Portable vacuum that is easy to clean and sanitise. With a suction power of 20L/min or 30L/min, it offers a vacuum range from -0.10 to -0.85 bar. It has a battery charge of 40 to 50 minutes and a full charge time of 4 to 7 hours, this mucosite vacuum is practical and efficient.

The Aspirira Go is designed to be compact and lightweight, weighing only 2.5 kg. It is equipped with an intuitive battery level indicator and a charging indicator for easy and convenient use. In addition, it allows continuous vacuum pressure adjustment with a pressure gauge display.

This portable mucosite vacuum is supplied with practical accessories, such as a jar holder and autoclavable 1L or 800ml jars, suitable for use in medical environments.

Reliable and compliant with quality standards, the Aspirira Go is tested and certified by TÜV Rheinland and complies with EN ISO 10079-1 regulations.
