

Stainless steel bowl with suction cup base

- **Stainless steel, the alternative to plastic**
- **Durable, hygienic, inert and recyclable**
- **[Optional lid available](#)**

Stainless steel is a resistant, hygienic, inert and fully recyclable material. It can be used as a substitute for plastic. Regulatory measures will soon prohibit the use of plastic containers in catering establishments. Certain establishments will already be affected by this measure on 1 January 2025. Our range meets all the needs of catering establishments and home meal delivery services.
