

Set of 4 shower tiles

- 818066

- **Non-slip**
- **Can be stacked for larger showers**
- **Water flows through the drainage holes**

The set consists of 4 tiles that can be connected with clips. These make the floor of a shower cubicle non-slip, while also raising the feet off the floor. Each tile measures 30 x 30 cm, and the 4 tiles connected together form a square measuring 60 x 60 cm. Two sets can be connected together for larger showers.

PVC material.

Dimensions of 1 tile : 30 x 30 cm
