

Mambo Max ergonomic stool

The Mambo Max stool is the ideal solution for improving sitting and working comfort. This chair allows for active sitting throughout the day, with the movement induced by its instability helping to improve blood circulation and posture. The ergonomic backrest helps align the spine, strengthens the core and corrects sitting posture. Stable base with 360° swivel.

Colour : Black support with grey ball.

Seat height adjustable from 51 to 58 cm.

Maximum user weight : 127 kg
