

## EMS slim massage mat

- 838180

- **An acupuncturist at home!**

This massage mat uses EMS technology (SNEM) and acupuncture points to relax and strengthen the muscles in your feet, calves and legs.

EMS stimulation is a controlled electrical impulse directed at deep nerve or muscle tissue. There are 6 different modes for stimulating the different acupuncture points on the arch of the foot. Totally painless, it adapts to your sensitivity? due to the 9 intensity levels. Controlled by remote control. Foldable and lightweight (173g), can be taken anywhere with you. Powered by 240mAh lithium battery and 150 mAh rechargeable battery. USD recharge cable included.

2-hour battery life.

Dimensions: 29 x 32 x 1.7 cm.
