Mega heating blanket

- 855190

- **Equipped with an extra-long 2.4 m cable**

This XXL heated blanket is very soft, warm and ideal for use indoors on your sofa or outdoors on your patio. Plug the fleece blanket cable into the mains, select the level of warmth required and enjoy the warmth. Fold it up or wrap it around your legs to keep warm on chilly evenings. It has 9 temperature settings and a timer (one to nine hours) that turns it off automatically. The controller is removable, so you can wash the plaid. To be plugged into the mains. Grey colour.
