- **Trigger speed of 0.08 seconds**
- **Protects key areas: femoral neck, hips, back, neck and head**
- **Invisible, everyday protection ideal for seniors**

Thanks to its intelligent detection technology, the Elder airbag vest analyzes movements in real time and automatically activates a protective airbag in the event of a fall. Lightweight and ergonomic, it adapts to all body shapes.

Connected to the remote assistance application, it alerts caregivers and loved ones, with the option of connecting up to 30 devices simultaneously. The instant alert communicates the exact location of the person, enabling rapid and effective care. Physical activity tracking is available via the app (step counting and analysis of daily movements). Available in 5 sizes: S, M, L, XL, XXL. Machine-washable vest. 2 disposable gas cartridges included.
