

FEATHERCHAIR ultra-light wheelchair

- **A record total weight of 9.1 kg!**
- **Easy to fit in the boot of a vehicle**
- **Supplied with a carry bag**

The Featherchair wheelchair allows anyone to lift it into a car trunk, as it can be easily disassembled with one hand: frame 5.7 kg / 22" quick-release wheels 2.6 kg / removable footrests 0.8 kg. The backrest folds to fit into a small vehicle. Two side handles make it easy to lift once folded flat. With the Featherchair, the caregiver exerts less effort due to its ultra-lightweight design and feels secure with the standard attendant-operated brakes. Very comfortable with its seat cushion, backrest cushion, and anti-tip wheels. Fixed armrests with soft arm pads and a clothing-protecting mesh pocket.

Overall dimensions: W 64 × D 100 × H 91.5 cm

Seat dimensions: W 45 × D 40 × H 48 cm

Weight : 9,1 kg.

Maximum user weight : 113 kg
