EMO Premium Comfort Insoles are made near Valencia since 1970. From the very beginning, EMO has focused on high-quality manufacturing, using premium materials and innovative processes. We offer four different ranges of insoles to suit various needs.

Medical-grade viscoelastic silicone insoles with internal longitudinal arch support and metatarsal relief. Features soft silicone pads to relieve pressure on the metatarsal heads and heel, with central retrocapital support. Adapts to body temperature for maximum comfort.
Washable.
Available in 6 sizes.
