BLUETENS CLASSIC 2 Device

- 838184

- **The New Generation Bluetens**

A connected electrostimulation device that pairs with smartphones and tablets via its dedicated app, designed for pain management, massages, recovery, and muscle strengthening. Certified as a medical device for professional use in the healthcare sector. The free dedicated app (compatible with iPhone iOS 13 and above, Android 10 and above) offers over 100 built-in programs, allowing you to select the type of action and targeted body area, view electrode placement guides, and start sessions automatically via Bluetooth. Intensity can be adjusted directly on the device or through the app. Rechargeable USB battery included. Includes a USB-C charging cable, 2 electrode cables, a set of 8 electrodes (4 square (S) and 4 rectangular (M)), and a user manual in a protective pouch.

Dimensions: 55 × 50 × 15 mm.
Weight: 35 g.
