

Better Back corrective seat

- Lumbar - 855053
- Standard - 855017

- **Effective positioning against back pain**

The Better Back, ideally placed on your car seat, gives you a correct position, straight and avoids back pain. It consists of a multi-ply wooden insert moulded into the lumbar and between the legs and a very comfortable fleece cover. It folds in 2 with a carrying handle.

The adjustable lumbar model is equipped with a mechanical control that varies the thickness of the lumbar area.

Dimensions: width 46 x height. 48 x depth 39 x thickness 5 cm.

Colour: black.

Guaranteed for 2 years.
