- Firm - 831088
- Medium - 831087
- Flexible - 831086

The Handmaster exercise device for hand rehabilitation offers a range of exercises in 3 dimensions. It not only works the fingers, but also the wrist. Many exercises are possible in flexion and extension thanks to its soft ball and very resistant elastics.

3 resistances: soft (blue), medium (red) and firm (orange).

Assortment of the 3 resistances.
